Second addendums sent to prequalifiers in Construction Tender

Developments have been recorded concerning Ministry of Health Public-Private Sector Co-operation's "Kayseri Integrated Health Campus Construction Works and Supply of Goods and Services Project", applications for which were collected October 23, 2009.

second addendums were sent to the prequalifiers on April 20, 2010. Officials, stating that the names of firm officials responsible for the tender were requested in the addendums, recorded that internet passwords would be given for each name and that firms would then be notified of the tender specifications and the bid deadline.

prequalification results had been sent to the firms in the 1st addendum on November 24, 2009

Prequalifiers were determined as follows:

Alsim Alarko
Yıldızlar İnşaat - Lend Lease Europe Holdings (USA)
IC İçtaş İnşaat - Teknomedika Sağlık Danışmanlığı
YDA İnş. - Inso Sistemi Per Le Infrastrutture (Italy)
Güriş İnşaat
Astaldi SpA (Italy)- Türkerler İnşaat
Vamed Engineering (Austria) - Türk Philips
Obrascon Huarte Lain S.A (OHL) (Spain)

Scope of Works

The tender includes investment for a 1548 bed-health facility. The contractor will supply financing for the project, the application project, design, construction, medical devices and other equipment. The construction period of the project will be 3 years and its operation will last for 25 years.

Betreff: **Gruppen-Newsletter: İzmir MM's Light Rail System 3rd Stage Project**

Bids collected for 3rd Stage 1st Section Completion Construction between Bornova Hospital – Evka 3 Stations Tender

Bids of İzmir Metropolitan Municipality's "3rd Stage 1st Section Completion Construction between Bornova Hospital - Evka 3 Stations" tender were collected on the date of April 21, 2010.

Bidders and their offers have been determined as follows:

Moskovskiy Metrostroy Açık A.Ş - Yapı Proje Merkezi
Offer: 43.259.007 TL

Sigma İnşaat - Borege İnşaat Joint Venture
Offer: 43.823.879 TL

Yertaş İnşaat - Hiperbol İnşaat Joint Venture
Offer: 44.594.741 TL

Çelikler Tah. İnşaat - Ermit Mühendislik Joint Venture
Offer: 46.741.269 TL

İlci İnşaat - Emre Ray Enerji İnşaat Joint Venture
Offer: 49.474.836 TL

Previous Developments: As known, Ataç İnşaat E+M Elektrik Sistemleri JV had won this tender with a bid of 44.373.852 TL and Ünüvar İnşaat had filed an appeal first with the Municipality and then the Public Procurement Authority (KİK) over the tender result. KİK, considering the objection of Ünüvar İnşaat, had canceled the tender by a majority of votes.

Bidders of this tender were as follows:

Ataç İnşaat A.Ş. - E+M Elektrik Sis. Hiz. Ltd. Şti.
Ünüvar İnşaat San. Tic. A.Ş.

Betreff: **Gruppen-Newsletter: TCDD's Sivas - Erzincan Speed Train Project**

Board of Directors approval awaited to launch Construction Tender

Developments have been recorded concerning Turkish State Railways General Directorate's (TCDD) "150 km. Sivas (Divriği) - Erzincan Speed Train Project Construction" tender that will be financed by equity.

Board of Directors approval is being awaited to launch this tender. In case the approval is secured, DPT approval will be sought for the inclusion of the project in the investment program.

As known, the State Planning Organization (DPT) did not give its "go-ahead" to the project before.

Contract worth TL 2.341.000 had been signed June 6, 2009 with Altınok Mühendislik - Enet consortium, the winner of DLH's "Sivas - Erzincan Railway Survey, Project and Engineering " tender.
